

## 25 Question Game Instructions

This is a fun and interactive game for high school students to learn more about each other while answering questions touching upon media literacy and civil discourse.

### How to Play

Print out the question cards – cut and shuffle them – lay the deck of cards face down on your table.

Depending upon the size of the group, every person can answer selected questions, or each person takes a turn picking up a card and answering the question. The only rules are 1) everyone agrees to participate; 2) the responses are respected; and 3) people commit to having fun and being creative! Feel free to add questions to the game – there are blank question cards.
